## About Us

Eurowindow Bangladesh is a u-PVC doors and windows company that is located at 67, Mohakhali Commercial Area, Dhaka-1212, Factory is in Ghagotia, kapasia, Gazipur. We provide u-PVC doors and windows using the most modern production machineries and imported u-PVC profiles and hardware of renowned origin. We deliver services residential, commercial and industrial sites. Our first priority is client satisfaction. We care about each individual client deeply ensuring their needs and demands.

## Why Client will choose u-PVC Doors and Windows?

-  Energy Saver (%30-35 Saving on your electricity bills)
-  Sound Insulation  
EPDM gaskets with multi-chambered u-PVC profiles prevents outside sounds and noises
-  Weather Proof & Non-corrosive  
UV resistance of u-PVC impregnated and infused with exclusive and distinct additives
-  Heat Insulation  
Low thermal conductivity of u-PVC minimizes power consumption
-  High Strength & Long durability  
Durability and Longevity of u-PVC with impact modifiers
-  Fire Resistant  
u-PVC materials used in Eurowindow Bangladesh are fire resistant and do not support or enhance accidental fires unlike their timber counterparts
-  Water Resistant  
Water, drainage channel & EPDM gasket prevents from water percolation
-  Heat, extreme temperature withstanding competence of u-PVC
-  Environmental Friendly  
Lead free, consumes less power while extruded and are completely recyclable due to the presence of calcium zine stabilizer.  
Not only is it lead-free, but it saves energy and is 100% recyclable due to the presence of the calcium zin stabilizer.
